TERMS OF SALE
(Please Read Carefully)

1. BIDS BY MAIL or PHONE will be accepted until the closing date. All phone bids must be confirmed in writing on a bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits to within 5% of the second highest bid. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.
2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot by experts. Cataloging errors will be cheerfully and promptly corrected. FLOOR BIDDERS MAY NOT RETURN ANY LOTS including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 45 days after a sale. After that time, we will have made settlement with our consignors. As the auction house acts as an agent for various consignors, NO CLAIMS OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 45 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. Lots are not shipped until paid for. Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact.
3. Successful bidders are required to pay the full invoice amount before lots are delivered. Previously established lines of credit, at the sole option of the auctioneer, may not be honored unless arrangements for this sale have been specifically agreed to in writing by the auctioneer. Please contact us in advance if you have any questions regarding your purchasing plans. First rate credit references or a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale.
4. A 10% buyer's charge will be added to the successful bid price of each lot. This 10% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 1½% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former top bidder. Late payers should not expect to receive future catalogs.
5. TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS. Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in U.S. Dollars by International Check drawn on a U.S. bank or by wire transfer to the account of Joseph L. Lepczyk, c/o East Lansing State Bank. As a convenience, invoices may be charged to VISA or MasterCard accounts provided the purchaser agrees to pay an additional 2½% handling charge. Please supply account number, signature and expiration date at the bottom of your Bid Sheet.
6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered air mail with return receipts and green custom tags on overseas shipments.
7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented.
8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 50% of estimate will not be accepted. By placing a bid in this sale, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.
9. BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.

TIPS FOR SUCCESS BY MAIL BIDDERS

Mail Bidders have come to be a substantial part, perhaps 80%, of those winning lots in our numismatic auctions. They have helped to establish our reputation of varied successful sales. In addition to instructions on the bid sheet, we are happy to fulfill reasonable special instructions for our clients.

Bidders find intense competition for especially desirable lots, often clustering in the same price range at or slightly above our estimates. Such estimates are to be used as guides only. Often the final price for popular and high grade material will be over the estimate; in some cases, two or three times over.

In analyzing the results of our past sales, we find that approximately 10% of the lots sell at top wholesale, 80% sell around full retail and the remaining 10% exceed our expectations.

For your guide, we quote some strategies and bidder techniques followed by those who consistently win lots by mail bid.

1. Always read the Terms of Sale and compare rules from various numismatic auction houses. These will vary from firm to firm and also from sale to sale within the same firm. Be aware of Buyer's Fees, Value Added Tax, handling and shipping fees as well as the extent of guarantee, return privileges and late payment or storage charges.

2. Tie Bids are often received in mail bids. Our policy is to award the lot to the earliest postmarked bid. Also considered are those clients who pay their accounts promptly and who do not make capricious returns.

3. Please sign your Bid Sheet and include your phone number. Unsigned bid sheets may not be considered. If we believe a significant bidder error has been made, we will attempt to verify a bid by phone before the closing date.

4. It is a poor strategy to bid at low levels on numerous lots. Those who do so achieve little success. For the auction firm, needless time is spent to process the unlikely bids. Auction firms have learned the practice is counterproductive and lessens the professional credibility of the bidders. Lots bid under 50% of the value or estimate are not recorded; lots under 75% have little chance in bidding competition.

5. It assists the auction firm if the bids are listed in numerical order. Mistakes can be avoided and processing is easier. Always recheck your bid sheet.

6. Do not be afraid to bid over estimate if you feel a lot is worth it. We find that most tie bids occur on lower priced items. Where possible, lots are purchased for mail bidders below their maximum bids. This happens on about 20% of all lots. Once a sale has been called, we cannot increase your bid. We will always try to purchase the lot for you as inexpensively as possible.

7. If you want a percentage increase on any lot or lots, indicate this on your bid sheet. We prefer that you do this on a lot by lot basis on a few lots rather than just checking an overall percentage increase box.

8. Should you wish bidding to stop for you when a certain total has been achieved, we can generally follow your instructions even if you bid up to four times your total limit. We can enter your bids in the bid book or have one of our assistants represent you from the floor. In this manner, you can submit more bids, increasing your chances of success without overextending your budget. This gives mail bidders one of the traditional advantages of floor bidders which is participating competitively within ones means.

9. If you are interested in purchasing just one lot of a type where several similar types are offered, indicate this with special instructions. Just bracket those bids and mark "one only" or "alternate."

10. Known clients in North America only may request permission to view lots by mail until 10 days before the sale date. Photos can also be requested. While there is a shipping or photo charge involved, this may answer specific questions one may have about varieties or condition.

11. Depending on facilities and personnel, it may be possible to arrange telephone bids with the client, to compete with the book bids and floor bidders. Usually there is only one telephone available. Such arrangements usually are for a single coin or grouping of coins.

12. Become a subscriber. This will insure that you will receive catalogs and prices realized by timely first class mail. The prices realized can be a useful study guide for future bidding or purchases. It can also indicate areas where prices are declining or increasing and helps one to evaluate similar pieces in a collection.

13. Should there be any questions about lot descriptions, Terms of Sale, bidding procedures or estimates, please call us at (517) 332-8581 during regular business hours which are 9 a.m. to 5 p.m. EST, Monday through Friday.

HOT AIR PAGE

We are privileged to offer at auction, the numismatic collection of the Kelsey Museum of the University of Michigan in Ann Arbor. The museum and the Department of Classical Studies will use the proceeds of this sale to complement their existing ancient collection. In effect, a trade will be made to narrow the scope of their cabinet to be more in line with their teaching and display mandate. Many of the lots in this catalog and our separate mail bid sale were acquired by the University of Michigan from the 1870's through the 1960's. Collectors of the United States, world and gold coins will appreciate this opportunity to add many important coins to their collection which otherwise would not be readily available on the market.

Another feature of this sale is Russell Clunan's collection of Polish coins which also offers many desirable coins for the specialist.

Our auction for this sale is divided into two separate catalogs. Items most likely to sell to mail bidders along with bulk lots appear in our July 30th Mail Bid Only Sale. Lots in these sales will be on view in our office from July 16th on. The Mail Bid lots will be available for inspection at our ANA Table 559 during the first three days of the convention. The same bid sheet should be used for both of these catalogs as the lot numbers do not overlap. Lots from both of these sales can be delivered at the ANA Convention, if so noted on your bid sheet.

Our Terms of Sale have been changed to include a Buyer's Fee, which is not waived, and to drop the handling fee. We had been one of the last holdouts in adopting a Buyer's Fee. Adding this fee is basically a matter of economic necessity. Old consignment contracts have been replaced with new ones which are basically 10 and 10 (with the exception of tokens, medals, ancients, bulk lots and literature) with a minimum commission of no less than \$10 per lot.

Our October and November sales will be especially strong in U.S., Canadian and Ancient coins. A consignor newsletter regarding these sales will be sent to past and current consignors. Consignors are reminded that it is especially important to have material shipped to us early and not wait to the cut-off date. We do need the lots on hand a sufficient period of time for proper cataloguing, research, photos and catalog production to maintain our schedule.

The current market is heating up for quality U.S. and Canadian coins along with choice gold coins. This will be the emphasis for our Fall sales. The timing is right for consignors to place large holdings of this type of material on the auction block. Damaged material and bulk lots along with modern foreign issues generally have a significantly reduced demand.

The response to our literature Mail Bid Sale in April was most satisfying. A large demand exists for out-of-print numismatic literature at realistic prices.

We continue to receive numerous letters from satisfied consignors and bidders, many of whom have expressed their appreciation for our services. This is very gratifying. In a future sale, we may start a readers reaction column.

Please bear in mind our consignment deadline of August 1st for our October MANA Convention auction in Philadelphia. We are bonded and licensed auctioneers. Consignment material is insured through Lloyd's of London. Cataloging time is now available.
